

[diag] panel 1: varying coefficient(s)

Varying coefficient beta_1(t) (95% band)

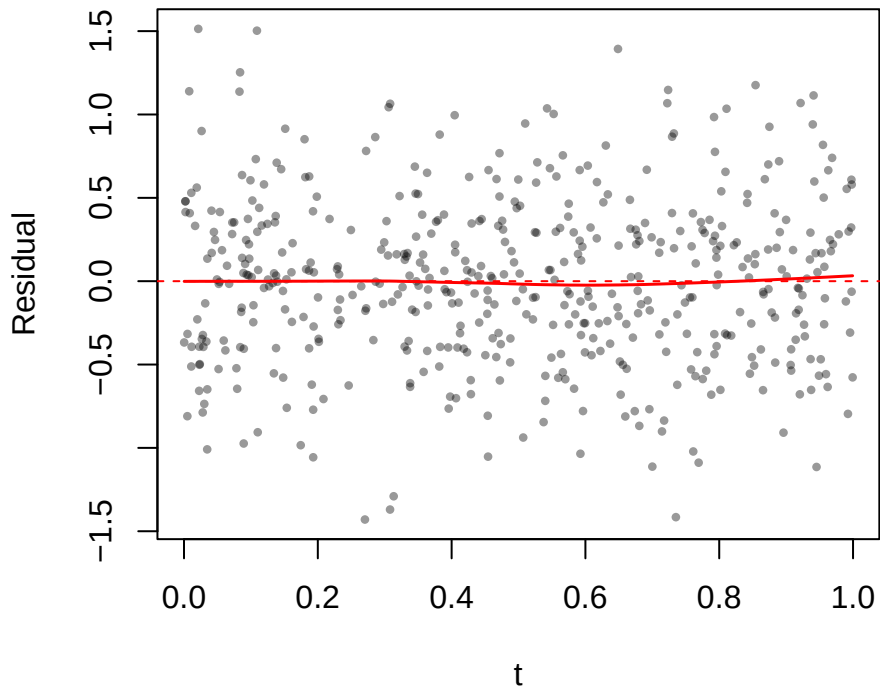

[diag] panel 2: residual diagnostics

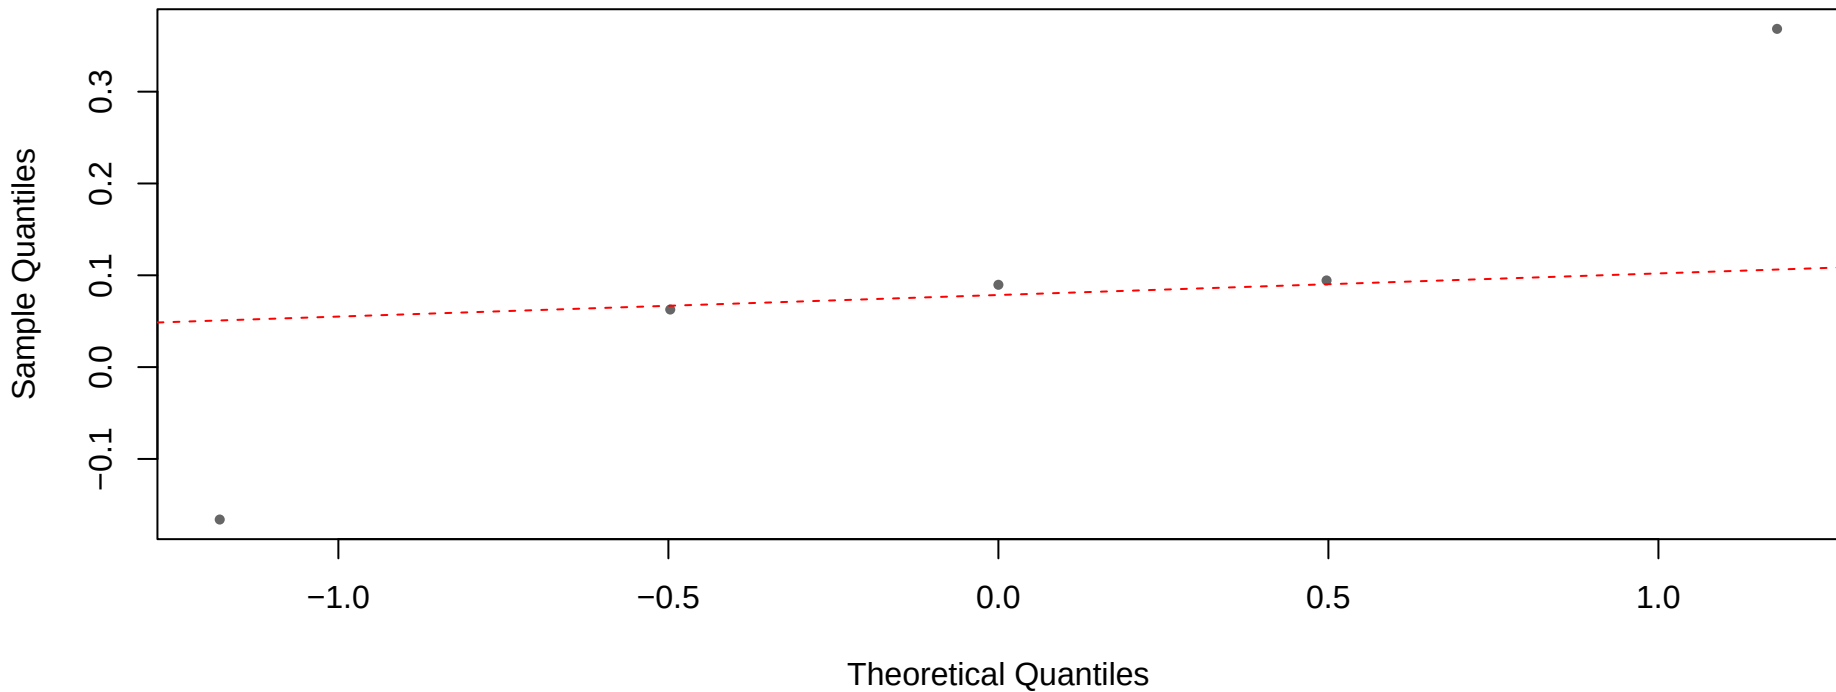

Residuals vs Fitted

Residuals vs t

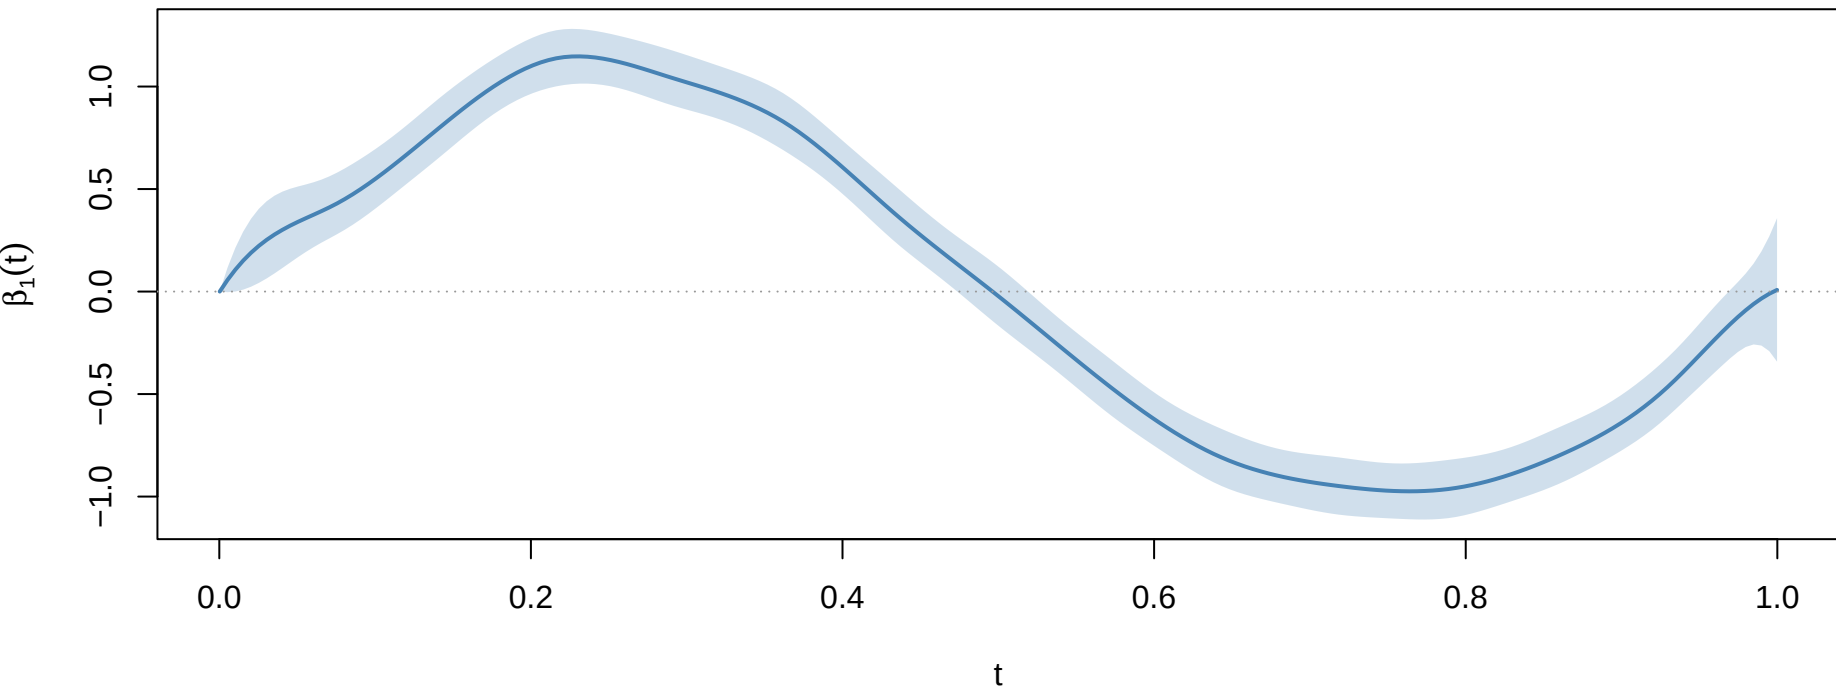

Random effects: Normal Q-Q

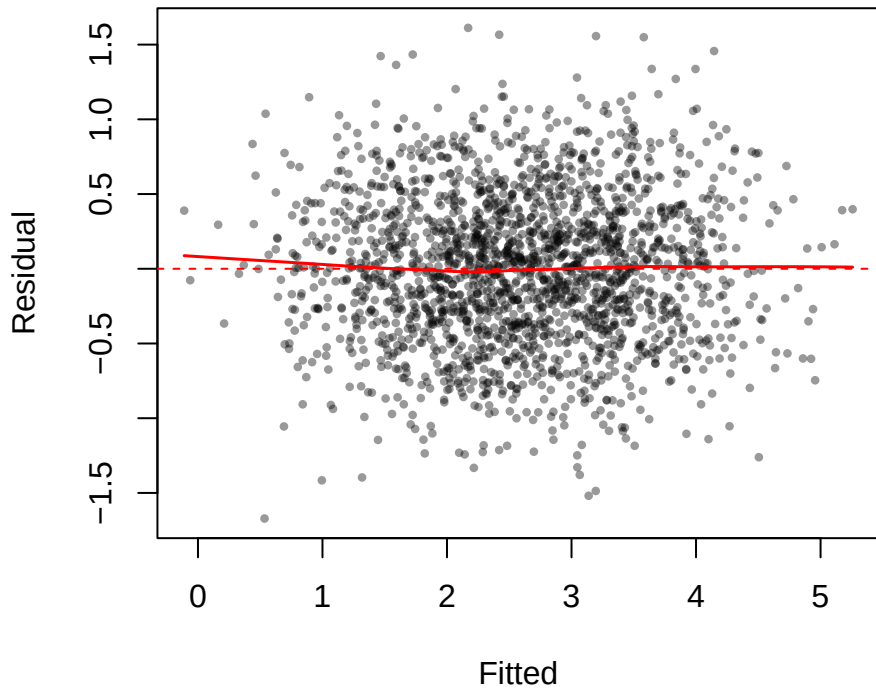

[kron] panel 1: varying coefficient(s)

Varying coefficient beta_1(t) (95% band)

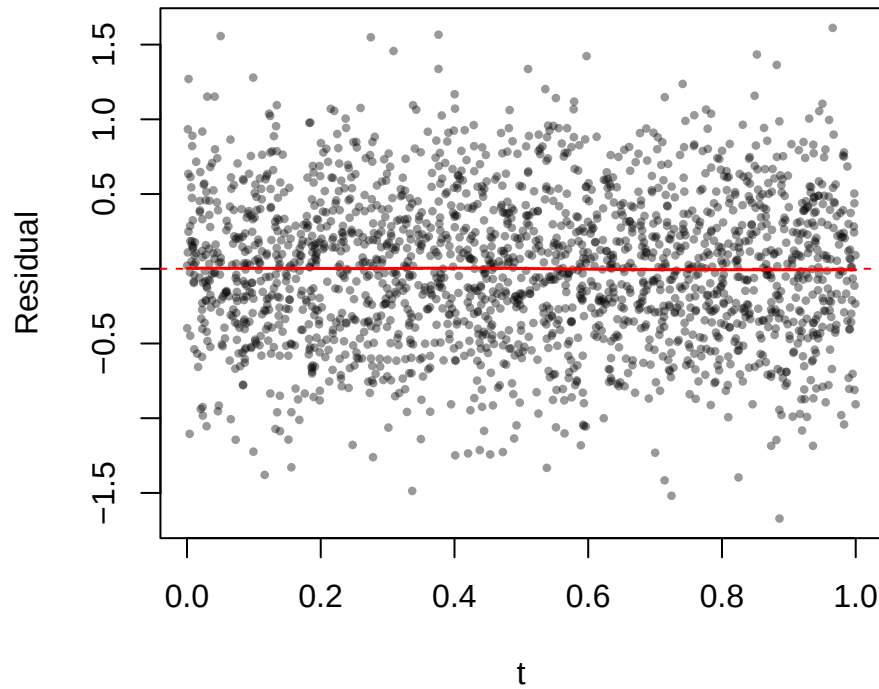

[kron] panel 2: residual diagnostics

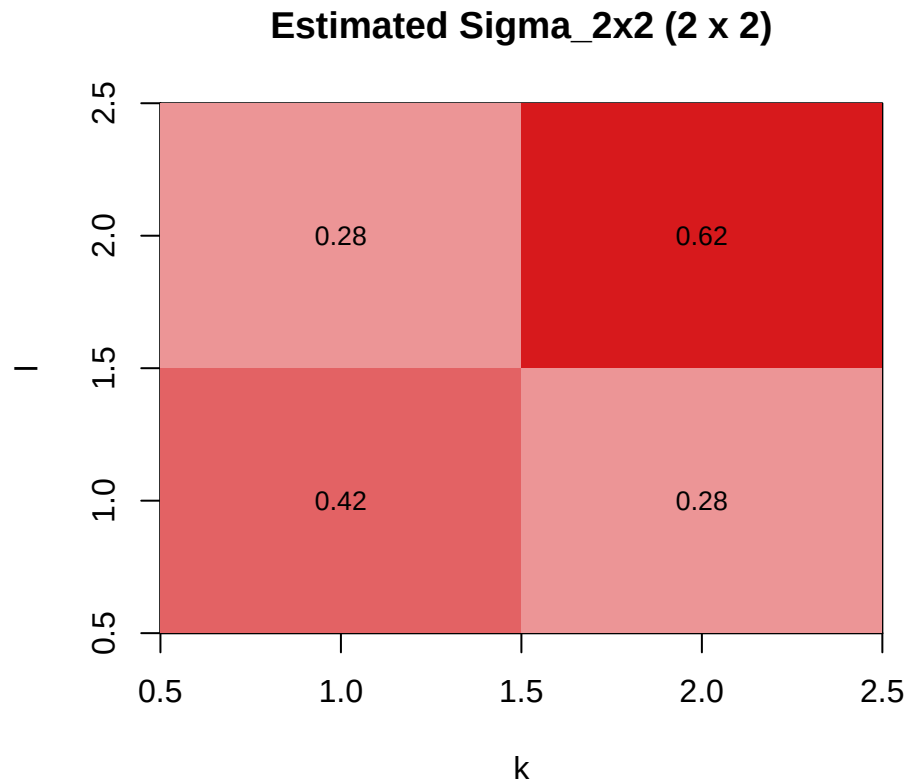

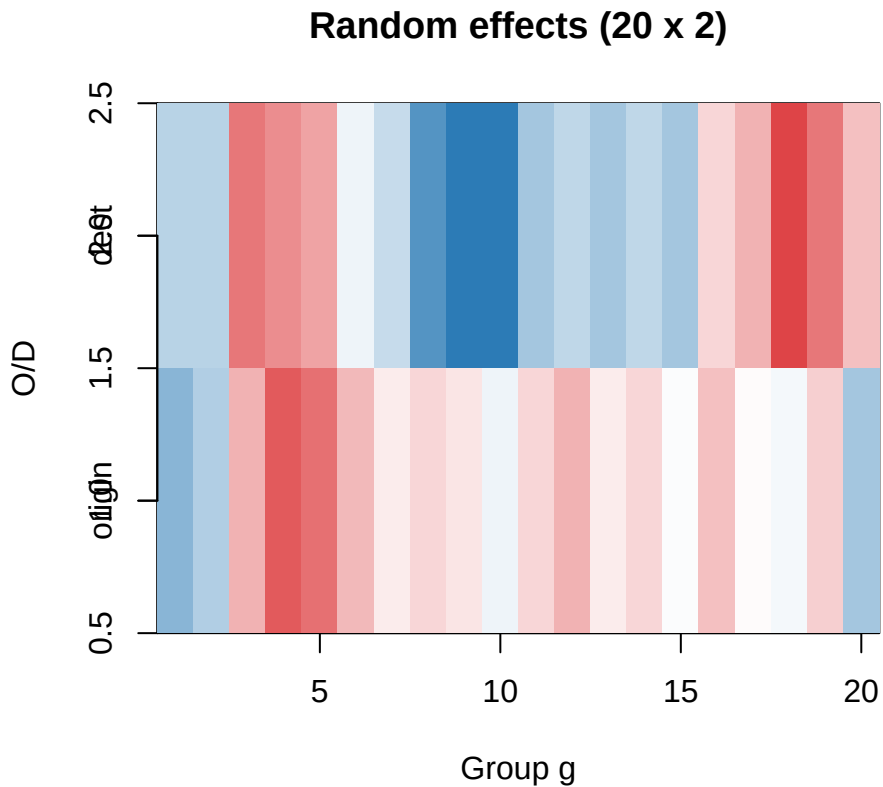

Residuals vs Fitted

Residuals vs t

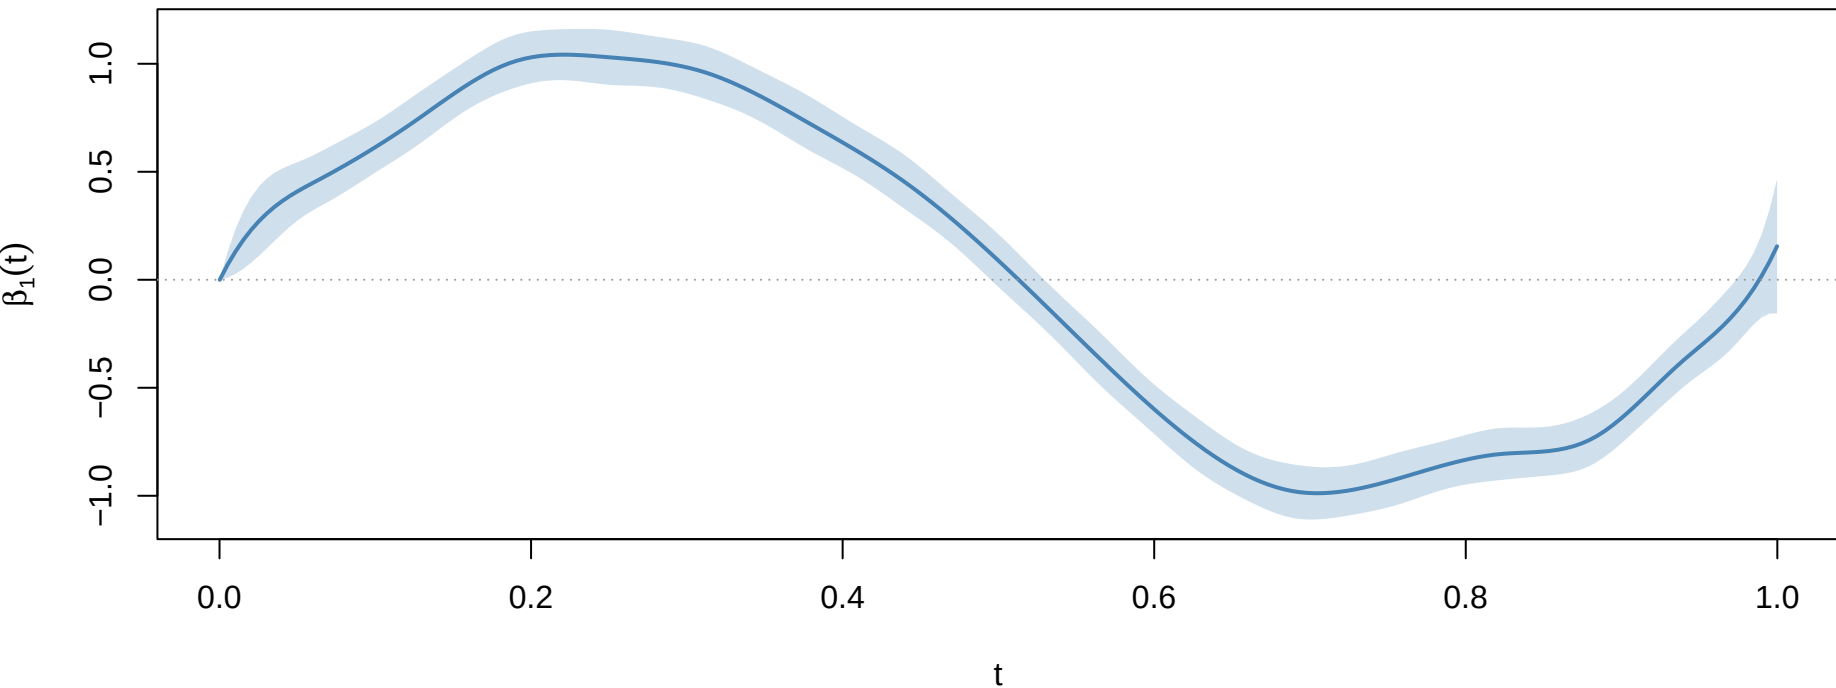

[kron] panel 3: random-effects diagnostics

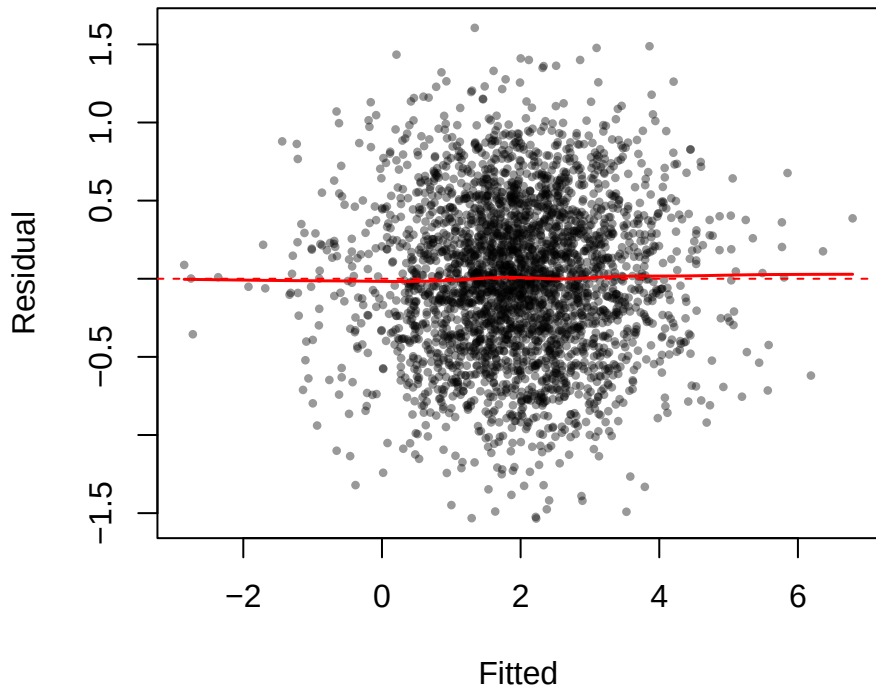

[sep] panel 1: varying coefficient(s)

Varying coefficient $\beta_1(t)$ (95% band)

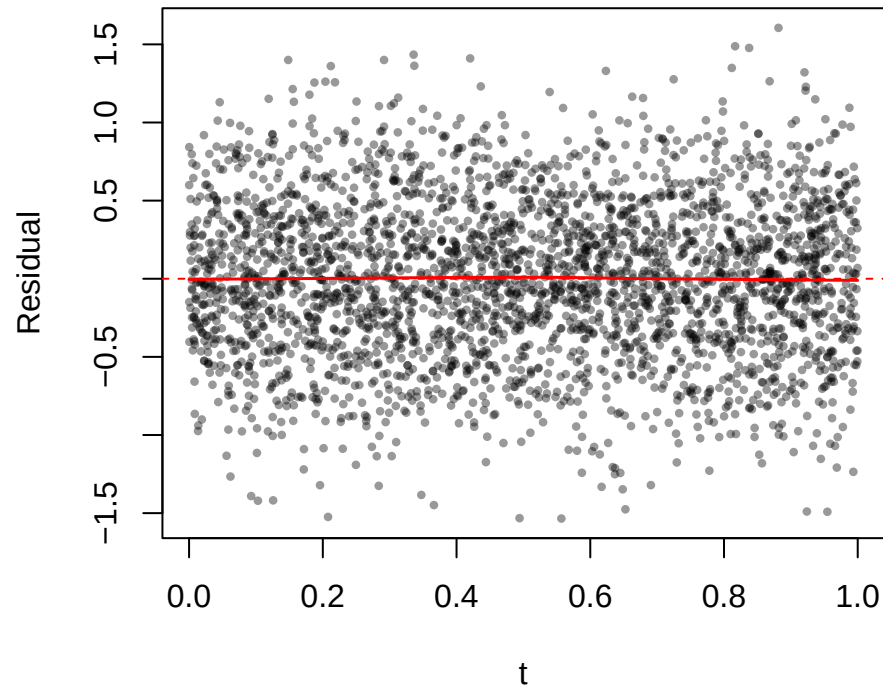

[sep] panel 2: residual diagnostics

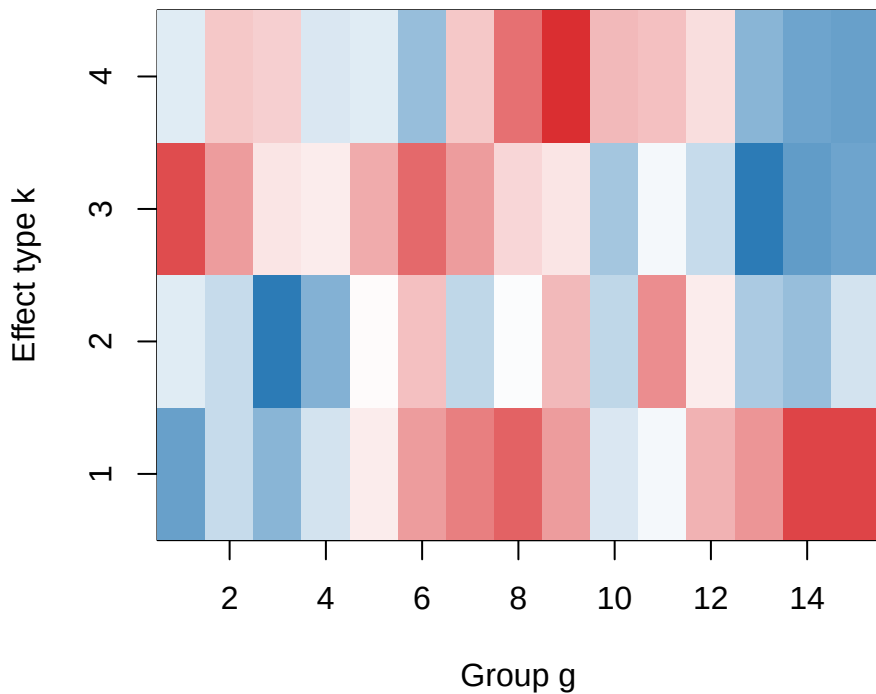

Residuals vs Fitted

Residuals vs t

Random effects (15 x 4)

Estimated Sigma_q (4 x 4)
